

Automatic open end torque tool

Tired of tightening nuts manually?

Reduced productivity due to manual tightening?

Introducing **REDiTorQ**, the revolutionary automatic open end torque tool

Features

- ◆ Can be used to tighten nuts on pipelines
- ◆ Facility to digitally set torque values
- ◆ Compact and lightweight
- ◆ Can reach confined spaces

Benefits

- ◆ Improved productivity
- ◆ Reduced operator fatigue
- ◆ Consistent tightening

Application areas

- ◆ Power generation
- ◆ Wind mills
- ◆ Compressor assembly lines
- ◆ Ship building
- ◆ Steel mills
